HIGHWAY SAFETY AND MOTOR VEHICLES

The Florida Department of Highway Safety and Motor Vehicles places a high value on customer service. As the Division of Motorist Services continues to make changes that matter to our communities, we would like to introduce you to the Florida Licensing On Wheels (FLOW) program. The FLOW is a standalone Mobile Office with the technology to provide most of your Driver Licenses and Motorist Service needs, such as Driver License/ID Card change of address, renewals, replacements, and suspensions. Motor Vehicle Services include renewals and replacements of Vehicle Registration and Disabled Parking Permits. There is no cost associated with the FLOW visiting your Community or Business other than the fees collected for each type of transaction. Bringing our services to our communities and local business, provides a more personal experience, and promotes conservation for most community members by saving time, money and gas. We are currently partnered with several Government Agencies, Power Companies, Children's Centers, Hospitals, Senior Centers, and Private Corporations. If you would like to schedule a meeting please feel free to call or email us.

Thank you for your time.
