

it goes in
trash... the bin

Public Forum

Join us for a public forum and get all your questions about the City's new trash ordinances answered. There will be plenty of opportunity to share your concerns with City and Waste Pro staff. On June 1, new ordinances were put into place in an effort to transform and beautify our City, and to transition into an efficient automated system that is environmentally beneficial. We want you to tell us what's working and not working. Share with us your ideas for improvement.
