## **INTRODUCTION**

The use of the Neighborhood Stabilization Program (NSP) grant is a substantial amendment to the City of Deltona's Five-Year (2008-2012) Consolidated Plan and One-Year (2008/2009) Action Plan. The NSP is a special Community Development Block Grant (CDBG) allocation to address the problems of abandoned and foreclosed homes.

Title III of Division B of the Housing and Economic Recovery Act, 2008 (HERA) established the need, targets the geographic areas, and limits the eligible uses of NSP funds.

Treating the NSP as a substantial amendment will expedite the distribution of NSP funds, while ensuring citizen participation on the specific use of the funds. HUD is waiving the consolidated plan regulations to the extent necessary to adjust reporting to fit the requirements of HERA. The waivers, alternative requirements, and statutory changes apply only to the grant funds appropriated under HERA and not to the use of regular formula allocations of CDBG funds, even if they are used in conjunction with NSP funds for a project. They provide expedited program implementation and implement statutory requirements unique to this appropriation.

The substantial amendment is due to HUD December 1, 2008; as required, the City will use the Disaster Recovery Grant Reporting System (DRGR) for submission of the Action Plan and all subsequent performance reports after receiving the NSP grant.

## ***A. AREAS OF GREATEST NEED***

**Provide summary needs data identifying the geographic areas of greatest need in the grantee’s jurisdiction.**

**Response:**

In order to receive the NSP grant of \$6,635,909 the City of Deltona prioritized the areas of greatest need within the City, including those

- 2) With the highest percentage of homes financed by subprime mortgage related loans, and;
- 3) Identified as likely to face a significant rise in the rate of home foreclosures.

The following table lists the city by census tract and block group, indicates the percentage of area at or below 120% of the area median income (AMI), estimated foreclosure and abandonment risk score developed by HUD in targeting the areas of greatest need within their jurisdictions, percentage of high cost loans for each block group, and their predicted rates of foreclosures.

## ***C. DEFINITIONS AND DESCRIPTIONS***

### **(1) Definition of “blighted structure” in context of state or local law.**

#### **Response:**

A structure is blighted when it exhibits objectively determinable signs of deterioration sufficient to constitute a threat to human health, safety, and public welfare.

### **(2) Definition of “affordable rents.” Note: Grantees may use the definition they have adopted for their CDBG program but should review their existing definition to ensure compliance with NSP program –specific requirements such as continued affordability.**

#### **Response:**

The rent limits used in the NSP are updated annually from the Department of Housing and Urban Development. Affordable means that monthly rents do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the households as indicated in or less of total household income.

### **(3) Describe how the grantee will ensure continued affordability for NSP assisted housing.**

#### **Response:**

The City of Deltona will ensure continued affordability for NSP assisted housing by adopting the HOME program standards at 24 CFR 92.252(a), (c), (e), and (f), and 92.254.

#### **Rental Activity**

The maximum HOME rent limits are the lesser of:

1. The fair market rent for existing housing for comparable units in the area as established by HUD under 24 CFR 888.11.
2. A rent does not exceed 30% of the adjusted income of family whose annual income equals 65% of the median income for the area, as determined by HUD, with adjustments for number of bedrooms in the units. The HOME rent limits provided by HUD will include average occupancy per unit and adjusted income assumptions.

Additionally, NSP assisted activities will be monitored for program compliance during the period of affordability. Annual on-site inspections will be conducted of rental units to determine compliance with Housing Quality Standards.

#### **Homebuyer Activities**

Assistance will be provided in the form of a 2<sup>nd</sup> mortgage, zero (0%) interest deferred payment, forgivable loan for a term of up to 20 years for homeownership. The deferred payment forgivable loan shall immediately become due and payable to the City if any of the following occurs: 1) homeowner sells, transfers, or disposes of the property by any

means, including bankruptcy, foreclosure, or deed in lieu of foreclosure 2) homeowner no longer occupies the unit as their principal residence 3) homeowner dies, or if married couple, the survivor dies 4) homeowner refinances their first mortgage or requires subordination for a new second mortgage 5) an heir may assume the debt as long as they are income eligible and become the owner-occupant

If NSP funds assist a property that was previously assisted with HOME funds, but on which the affordability restrictions were terminated through foreclosure or transfer in lieu of foreclosure pursuant to 24 CFR part 92, the grantee must revive the HOME affordability restrictions for the greater of the remaining period of HOME affordability or the continuing affordability requirements of this notice.

**(4) Describe housing rehabilitation standards that will apply to NSP assisted activities.**

**Response:**

Housing Rehabilitation Standards will comply with all applicable laws, codes, and other requirements relating to housing safety, quality and habitability, as defined in the 2004 Florida Building Code with 2006 revisions and other requirements relating to housing safety, quality, and habitability, in order to sell, rent, or redevelop such homes and properties; to include, improvements to increase the energy efficiency or conservation of such homes and properties or to provide a renewable energy source or source or sources for such homes and properties.

One hundred percent of the NSP funds must be used to benefit individuals and households whose income does not exceed 120% of area median income (AMI), measured as 2.4 times the current Section 8 income limits for households below 50 percent of median income, adjusted for family. ## CERTIFICATIONS

- (1) **Affirmatively furthering fair housing.** The jurisdiction will affirmatively further fair housing, which means that it will conduct an analysis to identify impediments to fair housing choice within the jurisdiction, take appropriate actions to overcome the effects of any impediments identified through that analysis, and maintain records reflecting the analysis and actions in this regard.
- (2) **Anti-lobbying.** The jurisdiction will comply with restrictions on lobbying required by 24 CFR part 87, together with disclosure forms, if required by that part.
