Date: July 20, 2013

Additional K-9 Unit – Sheriff's Department:

For your information, during the budget workshop held on July 6th, during the discussion of the Law Enforcement budget it was noted that the budget request included the addition of one additional canine unit at a cost of \$16,500 which was recommended in the proposed budget. Since that time, staff has been advised that the \$16,500 is for the purchase of, training and equipment for the new dog, and there is an additional fee that covers the actual annual maintenance/upkeep charge for the dog of \$4,000. This amount has been included in the department's budget and incorporated into the proposed overall City budget.

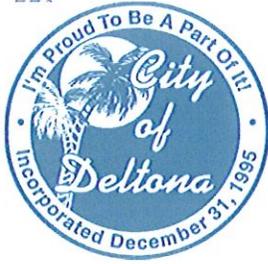

Florida League of Cities:

Commissioner Carmolingo advised this week that he has been selected by the Florida League of Cities to serve on this year's Nominating Committee. As you know, Commissioner Carmolingo will be the City's representative and voting delegate to the Florida League of Cities Conference scheduled for August 23-25, 2012.

Ongoing/Upcoming Events:

- **Senior Breakfast** – Saturday, July 21st, 8:00 – 9:30 a.m., Deltona Community Center
- **Volusia League of Cities dinner** – Thursday, July 26th, 6:30 p.m., Hosted by the City of Edgewater

FIRE/RESCUE DEPARTMENT thru 07/18/2012

Fire Chief Staples:

- Met with representative from Communications International Incorporated (CII) about the radios Deltona has in service, and possible replacements, in order to fall in line with FCC requirements to have Public Safety Inter-operability on the 800 Mhz spectrum by 2017. This will necessitate replacement of most of our radio cache by 2017, and a phase-in program is suggested.
 - Some of the City's radios are no longer supported by Harris Corporation (CII), and others will be placed into this category within 2-3 years.
 - The department is trying out two of the P-25 compatible radios to determine which model would be best.
 - Some new innovations such as a noise-cancelling microphone that will enable better, clearer communications in the field during high-noise incidents such as automobile extrications, fires, etc.
- Met with Leigh Grosvenor to discuss changes to Chapter 42 of the Deltona Code of Ordinances as it relates to Open Burning. The Florida Department of Agriculture and Florida Forest Service have enacted new rules on open burning that will require minor changes to our Code and a Memorandum of Understanding with the Dept. of Agriculture for Deltona to continue to have input on open burning within the municipality.
- Met with the VCFCA subcommittee on developing an Automatic Aid / Closest Unit Response (CUR) agreement Countywide. Some suggestions include regionalization of agreements in lieu of one singular agreement.
- Attended a July 4th After Action meeting to discuss successes and potential problems with the event.

PLANNING & DEVELOPMENT SERVICES thru 07/19/2012

Executive Summary:

The Planning and Development Services Department completed major projects this week, one of which was the submission of the draft of the Findings of Necessity report for the proposed Community Redevelopment Area (CRA). This 61-page document is highly detailed and focuses on the preponderance of blight within a specific geographic area of the City and functional obsolescence; or structural disrepair and loss of function of infrastructure. The purpose of the document is to determine if the statutory definitions of blight exist to be considered a CRA. The results of the study showed that blight conditions do exist within the proposed CRA to move the project forward to the City Commission.

Planning:

The Planning Section is bringing closure to the second major project this week with the Commission approval of the Final Plat for the Deltona Village project. This effort plats the ±130-acre tract of the approved master planned area and allows for applications to come forward for development review. One of those applications, the RaceTrac convenience store, will be issued the Final Site Plan Development Order with the recordation of the Deltona Village Final Plat and issuance of the Final Plat Development Order to Deltona Retail Holdings. Construction should commence within the third quarter of 2012.

Housing & Community Development:

The Community Development Section is seeing an increase in acquisition of NSP homes. The purchase of the sixth NSP 3 home places the program at the 50% mark to complete its acquisition requirements for that fund. It is anticipated that an additional seven (7) homes will be acquired by the end of 2012 to achieve home purchase and move completely into the rehabilitation phase of the project. There is a projected home sale in NSP 1, which would leave six (6) homes remaining in the initial required NSP 1 program to achieve by the middle of 2013. This is a huge achievement ahead of schedule and places the program at an 89% completion rate. There remain five (5) homes with no contract offers on them, so staff will be addressing each one for curb appeal and marketability to sell them.
