

Saturday March 5th 2016 1:00pm

Deltona Veterans Museum is proud to present USAF Veteran, renowned Writer and Military & Aviation Historian Glen Sweeting. Mr Sweeting has written many articles and books and has been guest speaker at many venues worldwide. He was the former curator of Flight Materiel at the Smithsonian's National Air & Space Museum and Curator of the Air Force Space and Missile Museum at Cape Canaveral AFS..

Mr. Sweeting will give a talk on the development of the famous Norden bombsight used during WWII including the interesting back story many are not aware of or have never heard about.

The presentation will be followed by a Q & A session.
