

City of Deltona & IAFF Local 2913 Action Minutes

The purpose of the minutes is to provide a tracking mechanism between the City and the Union during negotiations.

Date: February 11, 2011
Time: 9:00 am
Location: 1st / 2nd Floor Conf Room – City Hall

In Attendance:

City Representatives: T. Acquaro, HR Dir.; C. Burgess, HR Mgr; R. Staples, Fire Chief; D. Denny, Deputy City Mgr

Union Representatives: J. Sabia, President; M. Maples, Vice Pres.; A. Chuccl, Secretary; B. Drexler, Treasurer

Agenda:

1. City and Union agreed that both parties would like to continue negotiations and get a contract ratified. City agreed to caucus and review the last presented proposal that both parties tentatively agreed to at the bargaining table (June 29/July 12, 2010) and indicate which articles the City wants to "tweak" and then provide the information for the Union to review and further indicate which articles they want to "tweak".
2. After caucus both parties exchanged information regarding which articles they wanted to tweak with some light discussion as to why for each one. (see attached July 12, 2010, proposal with information annotated as to which articles are to be further reviewed/discussed—"to be tweaked")
3. Both parties agreed to set a date to come to the table and "TA" those articles that both still agree with and to begin to negotiate the tweaked articles. The City reminded the Union that should negotiations not result in a ratified contract that the status quo is returned to and that the legislative impasse hearing in April will be conducted; to that end the City provided the Union with a "Continued Negotiations Post Impasse Agreement" for review and signature before formal negotiations commence at the next scheduled meeting. The Union will have their attorney review the letter and have a signed agreement at the next meeting.
4. Both parties agreed to next meeting date: Friday, February 18th, 9a-5p.

Note: the City provided the Union with a color copy of the July 12, 2010, proposal which is the proposal that was fully tentatively agreed to and further "cleaned up" for the ratification vote.

The meeting adjourned at 12:15p.
