Are You Throwing Money Out the Window During Cold Weather?

November 22, 2011— Winter weather typically hits central Florida in January, so now is the time to start preparing your house for the cold. The City of Deltona and Volusia County will present the second of eight Energy Wise seminars, with this topic demonstrating how you can Winter-ize Your Home.

This free seminar takes place on December 9th at 3:00pm, in the Scrub Jay Room at the Deltona Regional Library at 2150 Eustace Ave. Attendees will learn from the experts how to “cold-proof” their homes, in easy “Do-it-yourself” steps. The 1st Energy Wise seminar—Energy-wise Holiday Lighting—can now be seen on DeltonaTV/Ch. 199 on Bright House Cable. The broadcast schedule can be found on the City’s website—www.deltonafl.gov.

Seating is limited, and the public is encouraged to pre-register in person at the Deltona City Hall, the Regional Library or send in their name and contact information to energy@deltonafl.gov. Registrants will receive a coupon redeemable for an energy-efficient light bulb at each seminar they attend. The coupon is good for up to \$10.00 off the purchase of CFL or LED light bulbs.

For more information, call Lee Lopez/PIO at (386)878-8755.
