February 27 2012—Nationally more and more people are going back to work. And the City of Deltona and Commissioner Zenaida Denizac are taking the lead to bring work opportunities to this region. The City is hosting its first Regional Job Fair on Friday March 16th, from 10:00am until 3:00pm which so far has attracted more than 30 employers who, combined, have job vacancies for more than 400 people.

The City and its partners, Center for Business Excellence and Workforce Central Florida, are bringing in companies such as Chase Card Services, AAA, Teledyne and Convergys who will showcase their job opportunities at the Job Fair. The types of jobs range from customer service to manufacturing to health care, as full-time, part-time and seasonal work. Additionally, those interested in work with the new SunRail station construction project in DeBary can meet with a representative at this Job Fair. There will also be on-site workshops, for enhancing job interview skills and designing a compelling resume.
